

## EXILED MEXICANS TO BE CARED FOR BY UNITED STATES

(Continued From First Page.)

Texas, should there be war with that country, Representative Rufus Hardy, of Texas, today introduced a bill making available \$4,000,000 for the purchase of eight submarine torpedo boats to guard United States territory on the Gulf of Mexico.

Mr. Hardy provides that \$2,000,000 of this appropriation shall be made available at once, that the Navy Department may contract for immediate construction of the torpedo boats. Mexico has no navy, but the torpedo boats are wanted by Mr. Hardy to prevent the landing of merchant ships carrying Mexican troops.

The bill caused a stir in the House, because Mr. Hardy has been one of the most active opponents of the construction of the Navy through new construction of battleships and their auxiliaries, including torpedo boats, torpedo-boat destroyers and colliers. He made a speech recently in favor of the "year's naval holiday" in naval construction, recommended by Winston Churchill, Lord of the Admiralty of Great Britain.

**Alleged Snatch Thief.**  
Frank Randolph, colored, was arrested last night by Bicycle Policemen Tiller and Tomlinson on the charge of snatching a pocketbook, containing \$7, from Joseph Claiborne, also colored.

## DR. SATO DELIGHTS ALL WHO HEAR HIM

Charlottesville, Va., January 17.—Dr. Shosuke Sato, a Japanese exchange lecturer who is giving a course of lectures at the University of Virginia, will conclude his series on Wednesday evening. He has thus far traced the development of leading movements in Japan, political and social. In his lectures on Monday and Wednesday he will discuss chiefly educational advances and interests. His concluding lecture will be concerned in part with the great peace movement and Japan's attitude toward it.

Last night Dr. Sato delighted his audience by referring in a very witty way to the feminist movement as it

## Best Treatment for All Complexion Ills

(From Women's Tribune.)  
I'll tell you my panacea for all complexion troubles. If the skin be colorless, sallow, muddied, over-red, if it be rough, chapped, blotchy, or pimply, there's nothing that will so surely overcome the condition as ordinary mercerized wax. It literally absorbs the dead and near-dead particles of surface skin, so gently, gradually, you experience no inconvenience at all. A new complexion is then in evidence, one so clear, spotless, delicately soft and beautiful, you look many years younger. One ounce of this wax, procurable at any drug store, will relieve even the worst complexion. It is smeared on like cold cream before retiring and removed mornings with warm water. The mercerized wax habit is a healthier and more economical one than the cosmetic habit. If the skin be wrinkled or creased, bathe it daily in a solution made by dissolving an ounce of powdered sassafras in a half pint of witch hazel. This acts immediately, affecting even the deepest wrinkles.—Elsie Desmond, Advertisement.

## GLASS IS HONORED BY HIS TOWNSMEN

(Continued From First Page.)

I cherish above any other, no matter what source it may come from.

Mr. Glass paid a high tribute to President Wilson and to Secretary of the Treasury McAdoo, characterizing Mr. Wilson as the greatest statesman this country has yet produced, and Mr. McAdoo the greatest man in his position in fifty years. He declared that but for the courage, extraordinary patience and masterful leadership of Woodrow Wilson, the country would not have a new currency law or any other legislation worthy of the name.

**Wants Bank for Richmond.**  
He paid a high tribute to the ability of John Skelton Williams, expressing the belief in this connection that Richmond would serve the region better with a regional bank than Richmond would be served by a branch regional bank.

Mr. Glass said he could readily understand why Vanderlip would attempt to frighten foreign financiers about the new law, because it would be the means of taking millions from the bank reserves in New York, but for Senator Root to declare the currency established by the new bill was flat money was little short of treason, because Senator Root knew it would not be flat money. He said the law provides for no inflation but an expansion of currency. The State, the South and the whole country wants to expand, and nothing has kept them from expanding but an obsolete currency system.

Mr. Glass declared the American people are indebted to Secretary McAdoo, who taught the people he could help them move their crops without going to Wall Street. It was a pleasure as well as a duty, he said, for him to follow the leadership of such men as President Wilson and Secretary McAdoo. He declared President Wilson has a passion for service for the people; that there is no cowardice in him, and that his patriotism, purpose and desire is to serve the American people for four years and, the speaker thought, four more in addition.

Referring to the preliminary work leading up to the preparation of the bill, Mr. Glass told of being summoned to Princeton last December for a conference with Mr. Wilson and of the kindly advice and admonition he received there.

**Never Lost His Temper.**  
"I know you will hardly believe it," he asserted, "but I sat at the head of that long committee table for three weeks without once losing my temper," and the audience joined Mr. Glass in a hearty laugh. He referred to his experiences in the caucus fight as a "fine time," declaring the bill was not changed in a single fundamental principle from the time it was drafted until it was signed.

Following the theatre meeting, Mr. Glass was a guest of honor at a banquet at the Piedmont Club, given by the officers of the People's National Bank.

Telegrams of regret were read tonight from President Wilson and Governor Mann over their inability to be present. At the meeting were prominent bankers from Central and Southwest Virginia, some of these occupying seats on the platform.

## News of Petersburg

The Times-Dispatch Bureau,  
5 Bollingbrook,  
(Phone 1485).

Petersburg, Va., January 17.—Bishop O'Connell, of the Diocese of Richmond, arrived in the city this evening and is the guest of Father Haier. The bishop will preach at the morning and evening service at St. Joseph's Church to-morrow, and will remain over Monday, when, in the evening, at the parochial residence, a reception will be given in his honor.

**Rededication Jubilee.**  
The congregation of the Second Baptist Church, of which the Rev. F. W. Moore is the pastor, will have a rededication jubilee to-morrow, the occasion being the re-opening of the church after a partial closing for seven months, during which time the edifice has been enlarged, practically remodeled and greatly beautified on the interior. The auditorium is ornate, symmetrical and one of the handsomest in the State. Nearly \$11,000 has been expended on the improvement and the seating capacity of both the Church and Sunday school have been greatly enlarged. A beautiful brass lectern, a memorial gift by loved ones in memory of R. O. Newson, Mrs. Lottie L. Newson and Walter O. Newson, devoted members of the church who have passed away, has been installed. The Bible to be used was given in memory of Charles W. Bristow and Mrs. Victoria Bristow by their children.

The Second Baptist Church was organized from the First Church in 1865, with the Rev. Thomas R. Skinner as pastor. The first place of worship was in the old Petersburg Classical Institute (afterwards the High School), on Union Street. The new building was on Byrnes Street, where worship was held for years, until in 1904. The present edifice was erected and occupied in 1904, at a cost of \$21,000. From its organization to the present the church has grown rapidly, and it has now a membership of 650, with one of the most flourishing Sunday schools in the city. It has had seven pastors, the last being the Rev. Joseph T. Watts, who will address the Sunday school at 9:30, and will preach at 11 o'clock. In the afternoon, at 3:30 o'clock, the Rev. Dr. George W. McDaniel, of Richmond, will preach. There will be special music at each service.

**Big Money Order Business.**  
The money order business at the Petersburg post-office last year largely exceeded that of any previous year. An official statement gives the following figures:

Orders paid from January 1 to December 26, 1913, \$150,470; orders paid during the same period in 1912, \$92,267. Increase in 1913, \$58,203. Increase in amount paid from January 1 to December 26, 1913, \$44,732.71; same period in 1912, \$36,146.44. Increase in 1913, \$8,586.27. Increase in per cent, 23.

Orders issued in 1913, 15,504; orders issued in 1912, 13,914. Increase, 1,590. Increase in per cent, 10.

**Democratic Committee Organizes.**  
The New Democratic Committee met last night in the Chesterfield Hotel—fifteen of the twenty-one members being present, and organized by the election of Major Benjamin Harrison as chairman, and G. D. Rodgers as secretary. A rising vote of thanks was given Dr. J. M. Burke, the retiring chairman, who declined re-election, for his long and faithful party service.

The books and papers, with \$198.26 balance, remaining in the hands of

the old committee, were turned over to the new body. James Brockwell was elected a member of the committee from the Fifth Ward in place of J. G. Quarles, resigned. Samuel W. Zimmer was elected from the Second Ward to succeed Sidney Fischer, deceased. The election of Major Harrison as city chairman, will give general satisfaction.

**Annual Memorial Service.**  
A. P. Hill Camp of Confederate Veterans will hold its annual memorial service in commemoration of the birthday of General R. E. Lee and its departed members at the First Baptist Church to-morrow night. During the past year eleven members of the camp have passed away. The Rev. Lewis M. Roper, D. D., pastor of the church, will preach a special sermon. His subject will be "A Heroic Appeal to Young Men."

**Sales of Tobacco.**  
Sales of dark tobacco at the warehouses this week were 217,665 pounds, with a very active market. Wrappers brought from \$15 to \$20. Aggregate sales of dark tobacco during the season to date, 1,656,215 pounds. Sales of bright tobacco for the week, 13,036 pounds, and for the season, 991,594 pounds. Bright wrappers sold during the week for \$20, \$25, \$40, \$45 and \$50 per 100 pounds. As soon as the weather is favorable, large receipts of tobacco are expected.

**Charged With Horse Theft.**  
William Howell, a white man, charged with stealing a pony belonging to J. L. Dean, in this city, on Tuesday last and selling the animal for \$15, was arrested in Norfolk this morning, and was brought back to the city this afternoon. The grand jury on Wednesday indicted Howell for the theft.

**To Veto Sunday Ordinance.**  
Mayor Babaniss stated to-day that he will veto the Sunday closing ordinance recently passed by both branches of the Council. The Mayor, while sym-

pathizing with the spirit of the ordinance, considers it far too drastic in its provisions. The majority vote in both branches of the Council is sufficient, if so disposed, to pass the ordinance over the veto, but it is believed it will be amended.

**General News Notes.**  
The public schools in this city will be closed on Monday in honor of General Lee's birthday.

A father and two small children on the way from Southwest Virginia to the home of a relative near Richmond, became stranded in this city yesterday. They were fed and sent on their way by the Salvation Army.

At the meeting yesterday of the stockholders of the Gresham Company, Incorporated, the old directors were re-elected, and the board elected the following officers: President and general manager, S. R. Gresham; vice-president, Proctor R. Gresham; secretary and treasurer, J. R. Gresham.

**DARROW TO SPEAK**  
Address at City Auditorium Under Auspices of Central Trades Council.

Clarence S. Darrow will make an address on "Land and Labor" in the City Auditorium January 27, at 8:30 o'clock, under the auspices of the Central Trades and Labor Council. An invitation will be sent to the General Assembly, asking both bodies to attend.

**Seek Missing Minister.**  
Clergymen were received in Richmond yesterday asking that search be made for Rev. Charles E. Orton, forty-five years old, a Free-Will Baptist minister who disappeared from his home in Mount Olive, N. C., on December 30, 1913. When last heard of, he was on a train bound for Florence, S. C., though it is believed he may have returned north and come to this city. The clergymen, which are signed by his wife, state that a liberal reward will be paid for information leading to his whereabouts. No reason why he should have left home is known, unless he has become mentally unbalanced. The police have heard nothing of him and received no inquiries concerning him.

## Positive and Convincing Proof

Don't Neglect That Cold in the Head—Here Is a Cure.

There are very many remedies on the market that are claimed to cure catarrh; but ask yourself this question: How can a blood germ disease be cured by a local treatment? It cannot; never was and never will be. You must understand that catarrh affects the mucous membranes, or the lining that coats the whole inner system, the same as the skin coats the outer system. A great many people are of the opinion that catarrh is simply a disease of the head. This is a very sad mistake. It does originate in the head; but that nasty phlegm and mucus that you hawk and spit out in the day time you swallow at night; the food you eat assimilates with that poison that causes the food to sour, a gas arises, which causes indigestion, dyspepsia, heartburn. How can you cure indigestion when it's caused from catarrh unless you remove the cause? Sometimes people imagine their heart

is affected. It is not; the trouble comes from the pressure of gas crowding the heart, causing it to jump and flutter, which causes shortness of breath, dizziness, headache. Seven cases out of ten of stomach, kidney, bladder trouble, weak, run-down condition of the system is caused from catarrh, and nine cases out of ten of consumption it was catarrh at the commencement.

All these troublesome symptoms vanish like mist before the rising sun when a proper course of Quaker Herb Extract is taken, as it cures that soreness of the lining of the stomach and allows the gastric juices to flow in and make perfect the digestion. It tones up the system. Here is a report from Mr. P. E. Foster, who resides at 36 Hardin Street, Atlanta, Ga. He has suffered with catarrh of the stomach; also had a hacking cough, rising nasty chunks of phlegm and slimy mucus; bowels sore and constipated; had to take something all the time to make his liver act. His kidneys caused him much trouble, es-

pecially at night. Had a weak, run-down feeling most of the time, poor appetite, nervous. As he said: "I have tried many different remedies. Some would give me relief for a time, and their virtue was gone. I have had more benefits from the two bottles of Quaker Herb Extract and one Oil of Balm than all the remedies I have ever used. My kidneys and bowels act just fine; my coughing is about stopped, and I am feeling better than I have in a long time, and I am recommending Quaker Herb Extract and Oil of Balm to every person I know. The Health Teacher, when here, told me that the Quaker Remedies would cure catarrh in any form, rheumatism, kidney, liver, stomach and blood troubles, indigestion, constipation, and the Extract will expel all worms from man, woman or child, and I believe him."

Call to-day at Tragle's drug store, 317 East Broad Street, and obtain Quaker Herb Extract, \$1.00; three for \$2.50, or six for \$5.00. Oil of Balm, 50c.—Advertisement.
